"KU KLUX KLAN" DEFENDANTS FOUND GUILTY

FIVE CONVICTED ON 4TH BALLOT TAKEN BY JURY IN CASE

FIVE WOMEN AND SEVEN MEN MADE UP JURY HEARING THE EVIDENCE

VERDICT OF GUILTY CARRIES MAXIMUM PENALTY OF 90 DAYS AND $100 FINE

(By United Press)

Minneapolis, May 16.—Half an hour after the five defendants in the Minneapolis Ku Klux Klan libel trial left the court room, leaving behind them a horseshoe left as a good luck symbol by a well-wisher, they were found guilty.

The five were convicted on the fourth ballot after the jury had deliberated six hours.

They were tried for participating in the publication of a paper, the "Voice of the Knights of the Ku Klux Klan", in which Mayor George E. Leach and others were alleged to have been scurrilously attacked.

Five Found Guilty

The five found guilty are:

Gladys Kennedy, alleged habitue of the underworld.

Roy N. Miner, exalted cyclops of North Star Klan No. 2.

Thomas Sullivan, suspended deputy sheriff.

George Silk, Hopkins printer.

Shirley J. Reichert, notary public.

Two Weeks' Trial

The trial lasted two weeks, in which the prosecution sought to prove that the defendant inspired the circulation of "Voice of the Knights of the Ku Klux Klan" with malicious motives, and the defense introduced testimony to support their claim that the motives were justifiable.

Judge Frank M. Nye gave the case to the jury with a charge that "you are the sole judges of the law and fact in this case". Five women and seven men made up the jury.

The court room and corridor were packed with men and women as the jury filed out. The jury had been provided with 12 blank verdict slips—one finding the five defendants guilty, one finding them not guilty, and two verdicts for each individual, one of guilty and one of not guilty.

A verdict of guilty carries a maximum penalty under the law of 90 days in the workhouse and a $100 fine.

OVERALLED MOTHERS DOING MEN'S WORK EARNING BIG WAGES

New York, May 16.—Two mothers in overalls earning big pay at husky men's jobs, were discovered today.

Mrs. Katherine Nelson, who is 35, and has a son 17 and a daughter 16, earns $30 a day as an electric welder. She works on skyscrapers, bridges, smokestacks and the like.

Mrs. Florence Thompson, age 26, is a bricklayer—the product of a school for artisans conducted by her husband. When she works at the trade, which is whenever she needs a new hat or gown, she draws the prevailing wage, $10 a day and up.

EXPECTS PARTY TO TAKE DRY STAND

PRESIDENT BELIEVES REPUBLICANS TO BE 100 PER CENT DRY IN 1924 POSITION

(By United Press)

Washington, May 16—President Harding expects the Republican party to take an uncompromising 100 per cent dry position in 1924.

He will do everything in his power to remedy the present conditions and to "put over" prohibition enforcement, and if he is re-elected will continue to make every effort to help the progress of enforcement and make it the major item of his second term.

Mr. Harding believes in prohibition—not only as a constitutional and legal fact, but as a great economic and moral influence. He believes that in spite of the present contemptuous attitude of some American people toward the Volstead act, many will agree that prohibition is a blessing.

The public conscience is awakening rapidly to that fact that it is no longer smart to connive at prohibition violations, the president believes.

The efforts of bootleggers and rum smugglers who have flooded the country with poisoned concoctions labeled as high grade liquor have shown the people the dangers of such practices, he believes.

The president is already preparing methods of combatting prohibition violators. He has no patience with politicians who quibble over technical points or who straddle the enforcement provision.

Prohibition is not a political question, Mr. Harding feels, and all regardless of party should work for enforcement to the limit of the 18th amendment and the Volstead Act.

I. C. C. APPEALS RAIL MILEAGE BOOK RULING

Boston, May 16—The interstate commerce commission has appealed from the recent ruling by the federal district court restraining inauguration of interchangeable mileage books at a 20 per cent price reduction on 50 eastern railroads. The commission's order for the sale of the books now stands suspended until Jan. 1, 1923.

GEORGE J. GOULD DIED SUDDENLY OF PNEUMONIA TODAY

PASSED AWAY AT HIS VILLA AT MENTON, FRANCE, AT 3 A. M.

THOUGH 59 YEARS OF AGE HE MADE A BRAVE, LINGERING FIGHT

Menton, France, May 16.—George J. Gould died suddenly at his villa here at 3 a. m. today. The American capitalist had been suffering from pneumonia. His wife, formerly Alice Sinclair, was at his bedside at the end.

Though 59 years of age, Gould had made a brave lingering fight against his illness in the past six weeks. Death came unexpectedly and suddenly just before dawn.

The children are: Jay Gould, Jr., Margery, Vivian, Lady Decies (Edith), and Gloria.

George J. Gould was one of the six heirs of Jay Gould, who left a $140,000,000 estate at the beginning of the twentieth century. Such a fortune at that time was one of the largest, and was considered an unprecedented one. As the eldest son he had a principal part in settling the estate among the heirs. There was constant wrangling.

More than once he was troubled with litigation because the heirs were dissatisfied with their share. From 1901 to 1907 his losses averaged $750,000 annually. He was a director of many railways.

In 1886 Gould married Edith M. Kingden.

Following the death of his first wife, Gould married a well-known English actress, Mrs. Alice Sinclair. In doing this he lost three million dollars of the estate left him by his first wife.

The honeymoon was spent in France. In his later years, his life was marked by stormy and insistent litigation. A furore in society circles was created when his wedding to Mrs. Sinclair was announced. She had a town house in New York and a country house at Rye.

Mrs. Sinclair came here in "The Girl in the Film" in 1914 and Gould was a frequent attendant and seen in brisk walks with her on the avenues. Mrs. Sinclair was at that time in her thirties and strikingly attractive and handsome. Shortly afterwards she moved into a handsome town house on Riverside Drive. Here her two children were born.

Gould leaves as his heirs his son Kingdon and his two children by his first marriage.

American, "On Leave," Borrows $20 and Mule From Chinese Bandits

Shanghai, May 16—J. A. Henley of San Francisco, one of the prisoners captured by the Suchow bandits, who arrived at Linching two days ago from the brigands' stronghold, was not granted his unconditional release by the captors, but had obtained 24 hours "leave of absence" from the robber chief, from whom the American also borrowed $20 and a mule to make his trip down from the hills, according to reports brought here. The San Franciscan came down from the brigands' lair Saturday clad in a pair of pajamas, carrying $20 he had borrowed from the robber chief, riding a donkey he had obtained from the same source and under instructions from the brigands to return by Sunday night or the remainder of the captives would be shot.

WHIPPING BOSS AND LUMBER COMPANY OFFICIAL SURRENDERED

Tallahassee, Fla., May 16—Walter Higginbotham and William Fisher arrived here yesterday and surrendered to a United States deputy marshal who held federal warrants against them charging conspiracy in convention with the alleged whipping of a Negro at the Putnam Lumber company at Clara, Fla. They were released on bail of $2,000 each.

Higginbotham was whipping boss of the Putnam company, and Fisher is now superintendent of the company. It is alleged the Negro died as a result of his treatment at the camp.

Higginbotham is scheduled to go on trial at Cross City Friday on a charge of first degree murder in connection with the death of Martin Tabert of North Dakota.

Final passage of a bill to ban corporal punishment of convicts in this state was effected yesterday when the senate, by a vote of 15 to 13, refused to reconsider its action of Monday in banning the whip.

"Whipping Boss" On Trial Soon

Tallahassee, Fla., May 16—Attorneys left here today for Cross City to open the trial of Walter Higginbotham, "whipping boss" charged with the murder of Martin Tabert, North Dakota youth, in a convict camp. The session is scheduled to start today.

John R. Kelly, state's attorney, was accompanied by G. C. Grimson, North Dakota special assistant attorney-general, who will act in advisory capacity in the prosecution of Higginbotham.

L. E. Wade, chief counsel for Higginbotham, and Attorneys W. B. Davis, of Perry and V. P. Chavons, county commissioner of Dixie county, were also to attend the trial.

The state is expected to move for a change of venue when the case is called for trial on the grounds of prejudice in the case of Higginbotham, he being well-known and liked in this county.

E. F. Willis, of Leon county, was removed from office last night following the action of the legislature in executive session sentenced to Florida convict camps were followed by a flood of publicity in the large investigation of the North Dakota's youth's death, and he was also charged with drunkenness and misconduct while on duty.

PROBE 5 WEDDINGS IN HOUSE OF DAVID BY 'GRAND JURY'

FIVE YOUNG BRIDES IN RECENT WHOLESALE CEREMONIES SUMMONED

ONE WITNESS BALKS ON QUESTIONS AND WAS ORDERED TO JAIL

(By United Press)

St. Joseph, Mich., May 16.—Group weddings in the House of David were being probed today by the "one-man grand jury," Judge Dingeman.

Five brides in the recent wholesale ceremonies were called in the investigation of the workings of the cult.

The girls are:

Myrtle Bell Ehartman Bully, 18.

Marie Falkenstein Bell, 19.

Elizabeth S. Rowe, 24.

Florence Edith Fells Hansen, 26

Marie Vieritz Boyer-Smith, 16.

They were examined as to ages and asked if their marriages were voluntary. Judge Dingeman has "taken off the gloves" in handling witnesses. Recalcitrant ones will be punished.

Jay Crowe, 17, a cult virgin, was sent to jail until she answered questions satisfactorily. It is said he will use similar action in the cases of other reluctant witnesses.

The "grand jury" probe may be devoid of indictments because of the failure to obtain evidence of immorality against "King" Benjamin Purnell within the statutes of limitation.

PRESBYTERIAN CHURCH ASSEMBLY CONVENES

(By United Press)

Indianapolis, May 16—A vigorous campaign between the two divergent elements for leadership of the Presbyterian church was foreshadowed today, as delegates from all parts of the United States gathered here for the 125th General Assembly of the church.

The two groups, the Fundamentalor "stand-patters" and the Liberalists, or "Modernists" are making the selection of a new moderator grounds on which to air their views on theological and social questions.

William Jennings Bryan, long mentioned as the Liberalist candidate, will make an attempt to have the assembly adopt resolutions supporting his stand on evolution.

Dr. Everest McCartney was being considered as a candidate by the Fundamentalist group.

FAILURE OF STATE ENFORCING DRY LAW

"MOST DISTRESSING RESULTS MAY FOLLOW", SAYS PRES. HARDING

(By United Press)

Newburgh, N. Y., May 16—Warning that serious consequences might result from failure of any state to cooperate with federal officials in enforcing prohibition laws was contained in a letter from President Harding to Dr. Wesley Waite, of this city, made public here today.

Conflict between state and federal authorities would develop from the government being forced to interfere in state territory taking the law from their hands. "Most distressing results would rapidly develop if the federal government would have to act."

The letter was written in response to one from Dr. Waite in which he called the attention of the president to the action of the New York legislature in repealing the state prohibition law, and asking Mr. Harding to take swift action if Governor Smith signs the repealer.

RUPTURE OF RUSSO-ENGLISH TRADE PACT MAY BRING WAR SOON

(By United Press)

London, May 16.—Prediction that rupture of the existing trade agreement between England and Russia would probably result in war within a year was made by Leonid Krassin, bolshevik emissary, in an interview here today.

The trade agreement now existing between the British and soviet governments is threatened in the exchange of notes. In the first note, which brought on the present strained relations between London and Moscow, Lord Curzon stated that trade relations could not be resumed until the soviet changes its present policy in the east. Rupture of the present agreement would probbaly result in war.

Interference of Poland in Russian affairs would probably bring them to a clash.

HOPE FOR EARLY RELEASE FADING

CHINESE BANDITS AND PRISONERS MOVE 25 MILES FURTHER INTO INTERIOR

(By United Press)

Peking, China, May 16, 5:30 p. m.—Hope for early release of Americans and foreigners held prisoners by Chinese bandits disappeared today on receipt of information from Lin Ching that the captives had been moved into the hills 25 miles further from the railroad.

Release is no nearer today that it was on May 6 when the bandits made them prisoners. Deep ruts and mud in the roads made it exceedingly difficulty to send the prisoners food and supplies which are needed.

The ministers of the powers declared that their ultimatum to the Chinese government is not the cause of the bandits' defiant attitude, and that they will not cease their efforts to obtain release of the captives.

Fears are felt that the captives are finding their hardships increased in the new location. It is a wild and desolate region, and probably lacks the facilities for comfort which the original bivouac afforded. It is difficult to find clean water in the vicinity of the new location, or to get in food supplies and medicines.

NOT A LIFE LOST FROM FLOOD OR FIRE REVEALED

ESTIMATES PLACE THE PROPERTY LOSS OF RESORT TOWN AT $2,000,000

MOST OF WATER GONE FROM MAIN BOULEVARDS, LOWER PART OF TOWN FLOODED

(By United Press)

Hot Springs, Ark., May 16.—The entire population of this resort town today aided officials in clearing ruins caused by the destructive flood and fire of Monday noon.

A mountain of debris scattered about the main streets and piled high about door-ways was removed by volunteers, who worked through the night. The city was entirely without electric lights, as the power plant was badly damaged.

Estimates made by the city engineer's department placed the total property loss at approximately $2,000,000. Little of this was covered by flood insurance.

A company of national guard went into the storm-swept district to protect property.

Not a life was lost from flood or fire, a complete check of sufferers showed. A woman and two children were resuscitated from drowning.

Mrs. Kate Christiansen, caught in an auto by the sweep of the waters, was caught by men with ropes after being swept several hundred yards by the flood. Sse sustained a fractured skull.

A negress, reported drowned, was found at her home, where she told a thrilling story of a battle with the waters, in which she was swept hundreds of yards before being rescued.

Most of the water has disappeared from the main boulevards. About 100 shacks in the lower part of town are still flooded, residents having moved to higher ground. Train service in and out of Hot Springs has been restored to nearly normal.

UPTON SINCLAIR MAKES TEST CASE

(By United Press)

Los Angeles, May 16—Upton Sinclair, author of "The Jungle" stood on Labor Hill last night and read to a group of three friends a few words from the preamble to the Constitution of the United States.

Those with him were Hunter Kimbbrough, Hopkins, his brother-in-law and H. R. Holdraman.

The four were arrested immediately and brought here and lodged in the jail without bail for the night. It is stated that they will be charged with criminal syndicalism for utterances of this character.

They appeared on the hill to make a test case on behalf of strikers and strike sympathizers who are under arrest in connection with the longshoremen's strike of San Pedro. The authorities made a great round-up of men, following issuance of a ban on public meetings.

The state is expected to move for a change of venue when the case is called for trial on the grounds of prejudice in the case of Higginbotham, he being well-known and liked in this county.

E. F. Willis, of Leon county, was removed from office last night following the action of the legislature in executive session sentenced to Florida convict camps were followed by a flood of publicity in the large investigation of the North Dakota's youth's death, and he was also charged with drunkenness and misconduct while on duty.

PROBE 5 WEDDINGS IN HOUSE OF DAVID BY 'GRAND JURY'

FIVE YOUNG BRIDES IN RECENT WHOLESALE CEREMONIES SUMMONED

ONE WITNESS BALKS ON QUESTIONS AND WAS ORDERED TO JAIL

(By United Press)

St. Joseph, Mich., May 16.—Group weddings in the House of David were being probed today by the "one-man grand jury," Judge Dingeman.

Five brides in the recent wholesale ceremonies were called in the investigation of the workings of the cult.

The girls are:

Myrtle Bell Ehartman Bully, 18.

Marie Falkenstein Bell, 19.

Elizabeth S. Rowe, 24.

Florence Edith Fells Hansen, 26

Marie Vieritz Boyer-Smith, 16.

They were examjned as to ages and asked if their marriages were voluntary. Judge Dingeman has "taken off the gloves" in handling witnesses. Recalcitrant ones will be punished.

Jay Crowe, 17, a cult virgin, was sent to jail until she answered questions satisfactorily. It is said he will use similar action in the cases of other reluctant witnesses.

The "grand jury" probe may be devoid of indictments because of the failure to obtain evidence of immorality against "King" Benjamin Purnell within the statutes of limitation.

PRESBYTERIAN CHURCH ASSEMBLY CONVENES

(By United Press)

Indianapolis, May 16—A vigorous campaign between the two divergent elements for leadership of the Presbyterian church was foreshadowed today, as delegates from all parts of the United States gathered here for the 125th General Assembly of the church.

The two groups, the Fundamentalor "stand-patters" and the Liberalists, or "Modernists" are making the selection of a new moderator grounds on which to air their views on theological and social questions.

William Jennings Bryan, long mentioned as the Liberalist candidate, will make an attempt to have the assembly adopt resolutions supporting his stand on evolution.

Dr. Everest McCartney was being considered as a candidate by the Fundamentalist group.

FAILURE OF STATE ENFORCING DRY LAW

"MOST DISTRESSING RESULTS MAY FOLLOW", SAYS PRES. HARDING

(By United Press)

Newburgh, N. Y., May 16—Warning that serious consequences might result from failure of any state to cooperate with federal officials in enforcing prohibition laws was contained in a letter from President Harding to Dr. Wesley Waite, of this city, made public here today.

Conflict between state and federal authorities would develop from the government being forced to interfere in state territory, taking the law from their hands. "Most distressing results would rapidly develop if the federal government would have to act."

The letter was written in response to one from Dr. Waite in which he called the attention of the president to the action of the New York legislature in repealing the state prohibition law, and asking Mr. Harding to take swift action if Governor Smith signs the repealer.

RUPTURE OF RUSSO-ENGLISH TRADE PACT MAY BRING WAR SOON

(By United Press)

London, May 16.—Prediction that rupture of the existing trade agreement between England and Russia would probably result in war within a year was made by Leonid Krassin, bolshevik emissary, in an interview here today.

The trade agreement now existing between the British and soviet governments is threatened in the exchange of notes. In the first note, which brought on the present strained relations between London and Moscow, Lord Curzon stated that trade relations could not be resumed until the soviet changes its present policy in the east. Rupture of the present agreement would probbaly result in war.

Interference of Poland in Russian affairs would probably bring them to a clash.

HOPE FOR EARLY RELEASE FADING

CHINESE BANDITS AND PRISONERS MOVE 25 MILES FURTHER INTO INTERIOR

(By United Press)

Peking, China, May 16, 5:30 p. m.—Hope for early release of Americans and foreigners held prisoners by Chinese bandits disappeared today on receipt of information from Lin Ching that the captives had been moved into the hills 25 miles further from the railroad.

Release is no nearer today that it was on May 6 when the bandits made them prisoners. Deep ruts and mud in the roads made it exceedingly difficulty to send the prisoners food and supplies which are needed.

The ministers of the powers declared that their ultimatum to the Chinese government is not the cause of the bandits' defiant attitude, and that they will not cease their efforts to obtain release of the captives.

Fears are felt that the captives are finding their hardships increased in the new location. It is a wild and desolate region, and probably lacks the facilities for comfort which the original bivouac afforded. It is difficult to find clean water in the vicinity of the new location, or to get in food supplies and medicines.

NOT A LIFE LOST FROM FLOOD OR FIRE REVEALED

ESTIMATES PLACE THE PROPERTY LOSS OF RESORT TOWN AT $2,000,000

MOST OF WATER GONE FROM MAIN BOULEVARDS, LOWER PART OF TOWN FLOODED

(By United Press)

Hot Springs, Ark., May 16.—The entire population of this resort town today aided officials in clearing ruins caused by the destructive flood and fire of Monday noon.

A mountain of debris scattered about the main streets and piled high about door-ways was removed by volunteers, who worked through the night. The city was entirely without electric lights, as the power plant was badly damaged.

Estimates made by the city engineer's department placed the total property loss at approximately $2,000,000. Little of this was covered by flood insurance.

A company of national guard went into the storm-swept district to protect property.

Not a life was lost from flood or fire, a complete check of sufferers showed. A woman and two children were resuscitated from drowning.

Mrs. Kate Christiansen, caught in an auto by the sweep of the waters, was caught by men with ropes after being swept several hundred yards by the flood. Sse sustained a fractured skull.

A negress, reported drowned, was found at her home, where she toid a thrilling story of a battle with the waters, in which she was swept hundreds of yards before being rescued.

Most of the water has disappeared from the main boulevards. About 100 shacks in the lower part of town are still flooded, residents having moved to higher ground. Train service in and out of Hot Springs has been restored to nearly normal.

UPTON SINCLAIR MAKES TEST CASE

(By United Press)

Los Angeles, May 16—Upton Sinclair, author of "The Jungle" stood on Labor Hill last night and read to a group of three friends a few words from the preamble to the Constitution of the United States.

Those with him were Hunter Kimbbrough, Hopkins, his brother-in-law and H. R. Holdraman.

The four were arrested immediately and brought here and lodged in the jail without bail for the night. It is stated that they will be charged with criminal syndicalism for utterances of this character.

They appeared on the hill to make a test case on behalf of strikers and strike sympathizers who are under arrest in connection with the longshoremen's strike of San Pedro. The authorities made a great round-up of men, following issuance of a ban on public meetings.

DISTRICT W. C. T. U. IN CONVENTION

Two Day Session Convened Tuesday Afternoon at 1st Congregational Church

MRS. F. A. WRIGHT PRESIDED

Address Tuesday Evening by President of State Association Mrs. Josephine E. Sizer

About thirty delegates answered roll call Tuesday at the opening of the twenty-first anual convention of the fifteenth district W. C. T. U., in session at the First Congregational church.

The convention opened with the afternoon meeting, District President Mrs. Frances A. Wright, of Park Rapids, presiding. After the usual business pursuant to the opening of the convention, Mrs. E. Punteney of Aitkin read a paper on "Child Welfare," and Mrs. Josephine E. Sizer, president of the state organization, outlined the work to be done in Minnesota.

Supper was served to the delegates in the church parlors and a social, get-to-gather hour was enjoyed before the evening session opened.

Rev. S. M. Kelly of the First Presbyterian church made the address of welcome on behalf of the church of the city, at the evening meeting, and Mrs. Helen Grondin welcomed the visitors on behalf of the local union.

The address of the evening was made by Mrs. Sizer, who took as her subject, "Finish the Task." The high school glee club furnished several numbers. A large number of members of the local churches were in attendance at this meeting.

The convention was called to order at eight o'clock Wednesday morning and most of the business of the session disposed of. One of the interesting features of this meeting was the question box, presided over by Mrs. Sizer. Two papers were read, one by Mrs. Julia Whitcomb on, "Women in Industry," the other "Christian Citizenship," by Frances H. Andrus.

Wednesday afternoon Mrs. L Strothman of Brainerd opened the program with a paper, "The value of Essay Work in Schools." Rev. A. C. Smith rendered a vocal solo and Mrs. A. Paulson conducted the memorial hour.

Mrs. Knights of Pequot read a paper on "Law Enforcement," and the session closed with a song service, at four o'clock so that the visiting delegates could enjoy an automobile tour of the city planned for them by the local union.

A very interesting program is scheduled for this evening which closes the convention. At this time, Mrs. Wright will review the work of this district during her tenure of office and outline its needs for the future.

The fifteenth district includes the counties of Hubbard, Cass, Crow Wing, Aitkin and Morrison, and is one of the largest districts in the state. It is hoped by the officials that this territory will soon be divided, so that the work of the union may be facilitated.

Pequot, Pine River, Aitkin, Jenkins and Park Rapids are bidding for the convention next year. This matter will be decided at the evening meeting tonight.

Cobb Needs Hurler

Detroit, Mich., May 15.—"Ty Cobb has a great team. He has the greatest hitting power in the league, but I think he needs at least one more pitcher. My boys are good but we aren't hitting on all cylinders yet," Miller Huggins, manager of the Yankees, says.

Business Women to Meet

Senator Borah, Charl Williams and Judge Florance Allen will be the principal speakers at the Fifth Annual convention of Business and Professional Women's Clubs, Inc. at Portland, July 9-14.

Reservations from business and professional women from all over the United States are reaching Marie Sommers, Chairman of the Housing Committee. Among the reservations which had been booked up to April 10th were those for delegates from Cincinnati, Columbus and Warren, Ohio; Detroit, Michigan; Indianapolis Indiana; Minneapolis, St. Cloud, Duluth and Alberta Lea, Minnesota; Kansas City, Missouri; Henderson, Kentucky; Reno, Nevada; Salina, Topeka and Junction City, Kansas; Richmond, Virginia; Fairmont, West Virginia; Raleigh, Fayetteville, North Carolina; Charleston, South Carolina; Savannah, Georgia; Washington, D. C.; Newark, New Jersey; Chattanooga, Tennessee; Colodado Springs; New York City, Seattle, Tacoma, Olympia, Port Anegles, Hoquiam, Washington, Weiser, Pocatello, Boise and Caldwell, Idaho.

Under the direction of Mrs. Glendora Thompson, program chairman, a program for the week's activities is being outlined which all feel confident will be pleasing to the guests of the three Northwestern State Federations. Heading the Oregon Federation as General Chairman is Adelia Prichard who has been a prominent figure in Business and Professional Women's Club circles, and who was largely instrumental in bringing to the Northwest the 5th National Convention of Business and Professional Women's clubs. Miss Sophia E. Boellert of Boise is General Chairman for the Idaho Federation, and Miss Florence McKay of Seattle occupies the same position in the Washington Federation.

On Monday, July 9th at 10 A. M. the convention will be officially opened by the presentation to Lena Lake Forrest, National Federation President, by Hon. George L. Baker, Mayor of Portland, of a floral key to the city From that moment on throughout the entire week a full program of activities has been arranged. While the greater portion of each day up to Friday night will be taken up by general convention sessions and executive meetings, the special entertainment and stunt committees will see to it that entertainment features are interspersed. It will not be until Saturday, however, that the real "Play Time" of convention week will start. On that day the Oregon Federtion will play hostess for an all day trip over the Columbia river highway. Arrangements are being made to entertain all delegates and it is earnestly hoped that all visitors will remain to enjoy this day's features. For those delegates who remain over the week end, two special attractions are being offered on Sunday; a trip to Mt. Hood with the Hood river club as hostess, and a trip to Astoria and Seaside where members of the Astoria club promise to entertain and arrange for a clambake on the beach.

Monday, July 9—Official opening of Convention at 10 A. M. Special business sessions. Reception in evening at Multnomah hotel, convention headquarters.

Tuesday, July 10—Washington Day. Business sessions. All special features and program of entertainment for the evening outlined by the Washington Federation.

Wednesday, July 11—Idaho day, with all entertainment features planned and carried out by the Idaho Federation. The usual business sessions.

Thursday, July 12—Tri-State day. Presentation of charters in evening. Banquet.

Friday, July 13—Oregon day. Special entertainment features are scheduled for the evening. Portland's stunt committee, under the able leadership of Miss Edith Dailey promises fun for all.

Saturday, July 14—Columbia river highway all-day trip.

Sunday, July 15—Excursions to Seaside, Astoria and Mt. Hood.

TWICE-TOLD TESTIMONY

Brainerd People Are Doing All They Can for Fellow Sufferers

Brainerd testimony has been published to prove the merit of Doan's Kidney Pills to others in Brainerd who suffer from bad backs and kidneys ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Brainerd people who again endorse Doan's Kidney Pills—confirm their former testimony. Here's a Brainerd case:

Mrs. W. H. Everest, 807 7th St., says: "I had terrible pains in my back that fairly made me sick. If I exerted myself, my back became sore and lame and it was hard for me to do my housework. My kidneys didn't act as they should and as Doan's Kidney Pills had been used in the family with good results, I started taking them. A few Doan's from Johnson's Drug Store soon gave me relief."

The above statement was given November 13, 1917 and on August 19, 1921, Mrs. Everest added: "Doan's cured me and I am glad to confirm my former statement."

WHITTIER PARENT-TEACHERS

Resolutions as Adopted Referring to Election of Teachers, Salaries, Etc.,

To the Honorable President and Members of the School Board.
Brainerd, Minn.

The following resolutions are submitted to your honorable body, as the findings of the Whittier Parent-Teachers' Association.

I. Whereas: The election of teachers in April is too late in the year, therefore,

Be it resolved: That in the future, the election take place in February

II. Be it resolved: That there be no reduction in teachers' wages.

III. Whereas: The principals of the larger buildings have full time programs.

Be it resolved: That at such time as the finances of the board will permit, that the principals be relieved a reasonable time each day, that this time may be used by them for the actual supervision of the educational work in their buildings.

IV. Whereas: The term of office of the superintendent of Brainerd's schools is but one year, which limits his opportunity of formulating board educational plans, with the view of carrying them to completion, therefore:

Be it resolved: That in the near future your honorable board elect the superintendent for a term of two years, providing it does not conflict too strongly with the ruling of the attorney general.

V. Whereas: We are to have a new high school.

Be it resolved: That the architects plans provide for accommodations for advanced high school work; these accommodations either to be included in the original structure or to be added so that class rooms harmonize throughout, and not mar the architecture of the buildings.

Swedish Baptist Ladies Aid

The ladies aid society of the Swedish Baptist church will meet tomorrow (Thursday) in the porlors of the church. The meeting will this time be held in the evening at 7:45 o'clock. There will be an interesting program, and each member is to bring an extra offering of one dollar and tell how they have earned it. Mrs. Gust Maxe will entertain. Friends and visitors are invited to be present.

Gum-Dipped Cords
Gaining New Fame for Service
194% Sales Increase in Last Six Months Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the results in economical mileage of the Firestone process of double gum-dipping. The buying-swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the big taxicab fleets Firestone-equipped. Watch the new cars you see—just from the factories; Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

NEGRO MIGRATION

DURING the past six months, since the tide of prosperity began to flow after its recent ebb, the negro population of the south has been migrating to the north, attracted by the high wages and better conditions to be found in the northern states. Major Robert R. Moton, president of Tuskegee Institute, gives the following figures which show that this shift of population is something that must be reckoned with in American life today. Thirty-two thousand farm hands have left Georgia and traveled north, and this represents 13 per cent of the negro farm workers of the state; North Carolina has lost 22,700 or 3 per cent of its negro farm population; 2 per cent have migrated from Florida, while Alabama has lost 10,000 or 3½ per cent of its negro farm population; Arkansas has lost 15,000 which represents 3½ per cent, while 1 per cent have migrated from Louisiana, and Tennessee has lost about 4,500. This migration has taken place in less than a year and the indications are that many more will follow those who have invaded the northern states.

Migrations of this kind have affected history in all ages and this migration is profoundly affecting our national life today. Both the south and the north are feeling its influence. In the south, where two-thirds of the work of planting and harvesting the cotton crop has been done by negro labor, a tremendous change has been brought about by the migration, and whites are now to be found in the fields doing the work that was done by negro labor in the past. Planters are concerned over this migration of negro labor and northern manufacturers are delighted because, in the absence of cheap immigrant labor, the negroes have helped to meet the demand for unskilled workers.

The effect of this migration on the south is likely to be such that it will bring about better treatment of the negro workers in the southern states. As the value of the negro as an economic asset is brought to the attention of southerners efforts are being made to remove the causes that have led to the negro migration, for the negroes have not left the south merely because higher wages were offered in the north.

There is a growing danger of race riots in the north as the negro population increases, and the negro vote will be felt in those cities where the negro has gathered in large numbers.

There is no possible doubt that this is one of the gravest problems confronting the American people today. Migrations have changed the course of history again and again, and a migration that is as large as this one is potent to influence conditions both south and north. It is possible that the northern states may assimilate the negroes who are entering them in ever-increasing numbers, and that disorders may be held down to a minimum; but there is reason to believe that the most desirable place for the negro, for his own sake and the good of the nation, is to be found in the southern states where, despite many disadvantages, he has worked out for himself a steadily ascending place in the order of life.

If the southerners, who have realized that the negro is of value to the southland, give him proper protection, take a strong stand against lynchings, and seek in every way possible to attract him from the gainful occupations of northern factories to the plantations and the farm life from which he has been driven by conditions or tempted by high wages, they will be doing what will advantage them and will, at the same time, remove the problem that confronts the United States as a result of the migration of the negro.

HONOR THY FATHER AND MOTHER

THE last legislature of Michigan passed an amendment to an existing law which will compel those who are financially able to do so to support their parents. This law provides that sons and daughters, who are able to provide for their parents but fail to do so, shall be imprisoned at hard labor for not less than three months nor more than one year. If those who are convicted give a bond of $1,000 that they will provide the parent with the things necessary to life the sentence will be suspended. Under this law, parents who deserted their children before they were twelve years of age do not benefit.

The Woman's Citizens' League of Detroit has said that the effect of the new amendment will be "to take the parents of some well-to-do men and women out of the poor houses." It is unfortunate that there are children in this world who will not support their parents, and it is to be regretted that it should be necessary to pass an amendment to a law which makes the support of parents compulsory. The women of Michigan were responsible for introducing this desirable legislation but as soon as they had submitted it the men took it up with enthusiasm. We may expect that the women of the United States will introduce other matters that need the attention of the people in general and that look to overcoming some of the defects of our social order that would not exist if people were generous. The women are ably championing an amendment to the constitution that will make child labor impossible in this country, when such labor is used for gain by those who employ children and rob them of their birthright in this splendid land.

Children who are too young to protect themselves appeal to the women of the nation who are pledged to heed their unarticulated appeal, and the women of the land may be expected to see to it that, by all means possible, those, who have raised children who have reached a place where they are able to support their parents, shall be required to see to their needs. Helpless children at one end of contemporary life, and aged parents at the other end, make an appeal to all those who are impressed by humanitarian interests and have not sold their souls for selfish advantage. In some cases the aged may be to blame for their state, but the children are not to blame for a system that requires them to work in factories and fields, instead of attending school and enjoying their lives as children should enjoy their earlier years.

HAZING sometimes gets too rough and the consequences are bad, but reasonable hazing will go on nevertheless. Football is not suppressed because men are injured on the field.

"Hungry Hearts" Is the Most Human Picture Ever Filmed

"The most human picture ever filmed."

That is what many prominent writers and motion picture people who have seen it in preview have said of Goldwyn's photoplay, "Hungry Hearts," based on Anzia Yezierska's volume of short stories about New York life, which will be the attraction at the Lyceum theatre for two days, beginning tonight.

It is a story which has advanced motion pictures farther along the road of artistic progress than perhaps any other single picture ever made. It has done this through the naturalness and humanness of the story, of the characters, of the direction and of the acting. Its appeal is based upon the emotion of recognition—every person who sees it will recognize the characters, their emotions, their responses to given stimuli.

It is the human quality permeating every phase and incident of "Hungry Hearts" that has enchained the interest and the emotions of all who have seen the production in preview and will enchain the interest an demotions of any audience.

Anzia Yezierska's stories of New York life have brought her prominently to the attention of literary critics and readers of current fiction, through their fidelity, truthfulness and high ideals of what America should, and can mean to the foreigner.

At Last a Film That Gives Cops a Square Deal

The days of lampooning the police in motion pictures are over. For years the men who patrol the streets of the country, who risk their lives to safeguard our homes and our property, have been made the butt of comic films that make them appear like anything but human beings; that poke fun at their work and their families and, in short, makes the policeman a laughing stock.

Now comes a motion picture which shows the policeman in the right light. It is called "In the Name of the Law" and is being distributed throughout the country. Thousands of big theatres are showing it; hundreds of police chiefs and thousands of policemen have given it their heartiest endorsement and for the first time the public is being shown just what sort of a man the average policeman is, how he lives at home, how he rears his family and by what fine motives he is actuated in the daily performance of his duties.

"In the Name of the Law" which will be shown at the Park theater tonight and Thursday was made for the main purpose of entertaining the millions of men and women and children who patronize moving picture theatres. But its purpose goes also beyond the mere idea of entertainment. It is a big human document of strong emotions, of tense drama, of swift action.

FOUR YEAR GIRL LOST IN CITY

Inez Strom Causes Her Parents a Bad Quarter of an Hour

MISS MICHAEL, SAMARITAN

Efforts to Establish Identity Failed Until Father Claimed Little One

The employees of the city hall each took turns in entertaining a little four-year-old visitor Tuesday morning, until Daddy arrived on the scene shortly after noon and took the little Miss home.

Inez Strom took her doll for a walk about ten o'clock and finally found her way to the Woolworth store on Front street. After a short rest she followed a lady to the depot at the time the eleven o'clock trains arrived.

Carl Dahl, the ticket agent at the depot took the child in charge, thinking her parents might be on one of the trains. When this clue was exhausted, William Stillwell took her over to the city hall, and she was left with the city nurse, Miss Eula Michael.

Miss Michael enlisted the assistance of all employees of the city hall, in an effort to quizz Inez, but the little girl could not tell her parents names nor where they reside.

The father, J. Strom began a search during the noon hour and one of the first places visited was the city hall where he found his little daughter holding high court to everyone who came to the building. The Strom's reside on south Sixth street.

Inez was the guest of Miss Michael at noon luncheon, after the little lady raised the question, "When do we eat," as most people do about that hour.

"MOTHER'S DAY"

Celebrated by Teachers of Riverside School on Monday by Entertaining West Brainerd Ladies

The teachers of the Riverside school celebrated Mother's Day on Monday afternoon by entertaining a large number of the ladies of West Brainerd at the school.

The work of the children was very tastefully displayed in the three rooms. The visitors were very much pleased with the progress made by the students during the year.

Mrs. W. H. Gemmell gave a very interesting talk relative to the occasion and the work done in this school.

At the close of the program Mrs. Smiley, Mrs. McKee and Miss Stendal served ice cream and wafers.

Larson-Miller

On Tuesday evening Godfrey E. Larson and Miss Violet M. Miller were united in marriage at the parsonage of the Swedish Bethany church, Rev. P. G. Fallquist officiating.

The witnesses to the pleasing ceremony were Earl J. Miller, a brother of the bride, and Miss Elaine D. Larson, sister of the groom.

The bride was born and raised in this county, her parents residing at Barrows. She has been employed at the Garvey restaurant.

The groom is also well known in the city, where he is better known as "Pat" Larson. He is now working at the carpenter's trade. The young people will make their home in Brainerd.

Bethany Ladies Aid

The Ladies Aid of the Swedish Bethany church will meet with Mrs. Carl Blomgren, 1009 Grove street north Thursday afternoon at 2:30. Mrs. P. Bonson and Mrs. Blomgren will entertain. All are invited.

CHANGE OF SHOP HOURS THIS WEEK

Under Old Plan Men Worked Earned 47 Hours 47 Minutes, Now Changed to 48 Hours 17 Minutes

SATURDAY A HALF HOLIDAY

Men Now Work from 7 A. M. to Noon, from 1 P. M. to 4:30 P. M. the First Five Days of Week

A change of hours for the work day went into effect at the Northern Pacific railway shops here. The new system will enable the men to quit work Saturday at 12 noon and thus gives them a half day holiday.

Under the old plan they earned 47 hours and 47 minutes in the week, and under the new arrangements they earned 48 hours and 17 minutes. For the first five days of the week they now go to work at 7 in the morning to noon, from 1 P. M. to 4:30 P. M. On Saturday they work from 7 to noon.

DISTRICT COURT PROCEEDINGS

In district court Tuesday William Caron, charged with selling liquor, was given twenty-four hours in which to plead. Caron was arrested some time ago by the sheriff's office, and is being prosecuted by the county attorney on information. M. E. Ryan is attorney for Caron.

The case of William S. Larson against Donald Wade, Donald Humphrey, Paul Dauch and E. H. Sund, was on trial Tuesday afternoon. This is the result of an automobile accident on August 12th, 1922 on the road between Princeton and Mille Lacs.

The jurors are D. P. Cashen, Maurice Keen, H. R. Congdon, Joseph Johnson, Andrew Halstead, P. S. Englund, Clarence Grant, E. G. Warner, A. Lamont, W. H. Durham, C. E. Carlson and P. C. Borden.

Tom Verkennes, charged with grand larceny in the second degree was in court Tuesday afternoon with his attorney, L. B. Kinder, and entered a plea of guilty. Judge B. F. Wright sentenced him to the state reformatory at St. Cloud. A second charge against Verkennes was dismissed on motion of the county attorney.

On Wednesday morning the jury in the case of Wm. S. Larson against Wade and Co., et al, brought in a sealed verdict for the plaintiff assessing his damages in the sum of $250. A. J. Halstead was foreman.

On Wednesday afternoon the case of Harland M. Stetson against William M. Seafield was on trial. This case arose over the settlement of book accounts between the parties in question.

The jury in this case included L. H. Schwendeman, James Thomas, A. Lamont, Clarence Grant, Carl Gorden, Maurice Keen, P. S. Englund, W. H. Durham, E. G. Warner, Morris Buckler, Joseph Johnson and Mrs. A. M. Opsahl.

Junior Young Peoples Society

The Junior Young Peoples society of the Bethlehem Lutheran church will meet Friday evening at the church parlors and will be entertained by Mrs. Anna Saltee and Mrs. A. R. Johnson.

A full attendance is desired. Visitors are welcome.

SHARPER TEETH IN LIQUOR LAWS

Destruction of Jug, Etc., During Search, Held Prima Facie Evidence It Contained Liquor

NEW LAWS AID OFFICERS

Affects Prosecution of Cases Pending and Others Which May Arise

Sharper teeth were put in the state liquor laws by the 1923 session of the Minnesota legislature. One amendment to these laws is of special interest at this time, and affects the prosecution of cases which may be pending or which will come up in the future.

The amendment is as follows:

"The destruction, removal or concealment, or attempted destruction, removal or concealment of any vessel, jug, container or receptacle of any kind apparently containing intoxicating liquor in any such place or premises while a search thereof is being made under the provisions of this act, shall be prima facie evidence that such vessel, jug, container or receptacle contained and contains intoxicating liquor.

"And the removal, concealment, destruction, pouring out, or changing the character of any liquor in any such place or premises or the attempt to do so while a search thereof is being made under the provisions of this act, shall be prima facie that such liquid was and is intoxicating."

"The destruction, mutilation, removal or concealment of any still, apparatus, implement, machine, device, contrivance, utensil or thing or any tablet, compound or substance or material or matter of any kind, or any formula, recipe or direction apparently designed or intended for use or used for or in or in connection with any violation of any provision or part of the constitution or law of this state or of the United States relating to intoxicating liquor, in or upon any such place or premises while a search thereof is being made under the provisions of this act, shall be prima facie evidence that the same was kept, had and possessed therein in violation of the provisions of this act and designed and intended for use and used in and in connection with such violation."

This amendment assists very materially in the prosecution of liquor cases arising from evidence secured upon search warrants.

Heretofore it was necessary, in order to secure conviction in such cases, for the searching officers to obtain enough of the liquor in question to make an analysis to determine whether or not it contained more than the "One-half of one percent" allowed by law as the alcoholic content, or have proof of the intoxicating effect the liquor had upon some person.

If the liquor could be empited before the searching officers could stop such an act, it was very hard to prove the state's case, and in many instances, cases of this nature have been thrown out.

With the 1923 amendment, the state is aided in the prosecution of these cases, by making it prima facie evidence that intoxicating liquor was held illegally if the owner attempted to destroy or conceal the evidence while the searching party is at work.

TOURIST SEASON ADDS TO TRAFFIC

W. H. Gemmell, President of the M. & I. Railway, Gives Out Interview

ADD CAFE OBSERVATION CAR

Effective Sunday, May 20, Change of Time of No. 59 Superior Division Announced

With the approach of the summer tourist season, arrangements are being made by the railroads to take care of the increased business for the next four months.

W. H. Gemmell, president of the M. & I. Railway, gives out the following data relative to the summer service on the day trains of this road and on the Northern Pacific from Brainerd to St. Paul:

"Effective with train No. 9 leaving St. Paul Monday May 28th, cafe observation car will run through to Bemidji, and effective with train 32 leaving Bemidji Tuesday morning, May 29th, this same car will run through to St. Paul. This arrangement will be in effect until further notice and will run daily except Sunday."

The cafe observation car has been a part of the train service between St. Paul and Bemidji for several summers, and is very much appreciated by travelers over this route.

Going north this car arrives in Brainerd from St. Paul at 2:20 in the afternon and goes on to Bemidji at 2:40. Returning, it arrives from Bemidji on train No. 32 at 11:05 in the morning, and goes on to St. Paul at one o'clock in the afternoon.

A change in time for one train on the Lake Superior division, has also been announced. Train No. 59 from Duluth to Staples, will leave Duluth thirty minutes later than its present schedule, it is announced, effective Sunday, May 20th.

No. 59 is the fast train going west, and passes through Brainerd now at 12:15 p. m. If the time all along the division is made thirty minutes later, as it is out of Duluth, this train will arrive in Brainerd at 12:45 p. m. Going to Build This Spring?

Don't Skimp on the Hardware

Hardware is one of the things which make or break the appearance of a home. And the difference in cost between first class and cheap hardware is so little—compared with the total cost of a house—that it isn't worth considering.

Hinges Important

Although most folks pay but little attention to them, hinges are most important. Unless you have good ones your doors will soon sag and bind, squeak every time they're opened or closed. Stanley door hinges, made of cold rolled wrought steel will hold your doors firm and true.

Other Requisites

We have a complete line of door and sash hardware, cabinet hardware, and other building necessities. And our long experience in construction work will prove helpful to the man who is building or repairing. It is a pleasure to place this experience at your command.

FOUR YEAR GIRL LOST IN CITY

Inez Strom Causes Her Parents a Bad Quarter of an Hour

MISS MICHAEL, SAMARITAN

Efforts to Establish Identity Failed Until Father Claimed Little One

The employees of the city hall each took turns in entertaining a little four-year-old visitor Tuesday morning, until Daddy arrived on the scene shortly after noon and took the little Miss home.

Inez Strom took her doll for a walk about ten o'clock and finally found her way to the Woolworth store on Front street. After a short rest she followed a lady to the depot at the time the eleven o'clock trains arrived.

Carl Dahl, the ticket agent at the depot took the child in charge, thinking her parents might be on one of the trains. When this clue was exhausted, William Stillwell took her over to the city hall, and she was left with the city nurse, Miss Eula Michael.

Miss Michael enlisted the assistance of all employees of the city hall, in an effort to quizz Inez, but the little girl could not tell her parents names nor where they reside.

The father, J. Strom began a search during the noon hour and one of the first places visited was the city hall, where he found his little daughter holding high court to everyone who came to the building. The Strom's reside on south Sixth street.

Inez was the guest of Miss Michael at noon luncheon, after the little lady raised the question, "When do we eat," as most people do about that hour.

"MOTHER'S DAY"

Celebrated by Teachers of Riverside School on Monday by Entertaining West Brainerd Ladies

The teachers of the Riverside school celebrated Mother's Day on Monday afternoon by entertaining a large number of the ladies of West Brainerd at the school.

The work of the children was very tastefully displayed in the three rooms. The visitors were very much pleased with the progress made by the students during the year.

Mrs. W. H. Gemmell gave a very interesting talk relative to the occasion and the work done in this school.

At the close of the program Mrs. Smiley, Mrs. McKee and Miss Stendal served ice cream and wafers.

Larson-Miller

On Tuesday evening Godfrey E. Larson and Miss Violet M. Miller were united in marriage at the parsonage of the Swedish Bethany church, Rev. P. G. Fallquist officiating.

The witnesses to the pleasing ceremony were Earl J. Miller, a brother of the bride, and Miss Elaine D. Larson, sister of the groom.

The bride was born and raised in this county, her parents residing at Barrows. She has been employed at the Garvey restaurant.

The groom is also well known in the city, where he is better known as "Pat" Larson. He is now working at the carpenter's trade. The young people will make their home in Brainerd.

CHANGE OF SHOP HOURS THIS WEEK

Under Old Plan Men Worked Earned 47 Hours 47 Minutes, Now Changed to 48 Hours 17 Minutes

SATURDAY A HALF HOLIDAY

Men Now Work from 7 A. M. to Noon, from 1 P. M. to 4:30 P. M. the First Five Days of Week

A change of hours for the work day went into effect at the Northern Pacific railway shops here. The new system will enable the men to quit work Saturday at 12 noon and thus gives them a half day holiday.

Under the old plan they earned 47 hours and 47 minutes in the week, and under the new arrangements they earned 48 hours and 17 minutes. For the first five days of the week they now go to work at 7 in the morning to noon, from 1 P. M. to 4:30 P. M. On Saturday they work from 7 to noon.

DISTRICT COURT PROCEEDINGS

In district court Tuesday William Caron, charged with selling liquor, was given twenty-four hours in which to plead. Caron was arrested some time ago by the sheriff's office, and is being prosecuted by the county attorney on information. M. E. Ryan is attorney for Caron.

The case of William S. Larson against Donald Wade, Donald Humphrey, Paul Dauch and E. H. Sund, was on trial Tuesday afternoon. This is the result of an automobile accident on August 12th, 1922 on the road between Princeton and Mille Lacs.

The jurors are D. P. Cashen, Maurice Keen, H. R. Congdon, Joseph Johnson, Andrew Halstead, P. S. Englund, Clarence Grant, E. G. Warner, A. Lamont, W. H. Durham, C. E. Carlson and P. C. Borden.

Tom Verkennes, charged with grand larceny in the second degree was in court Tuesday afternoon with his attorney, L. B. Kinder, and entered a plea of guilty. Judge B. F. Wright sentenced him to the state reformatory at St. Cloud. A second charge against Verkennes was dismissed on motion of the county attorney.

On Wednesday morning the jury in the case of Wm. S. Larson against Wade and Co., et al, brought in a sealed verdict for the plaintiff assessing his damages in the sum of $250. A. J. Halstead was foreman.

On Wednesday afternoon the case of Harland M. Stetson against William M. Seafield was on trial. This case arose over the settlement of book accounts between the parties in question.

The jury in this case included L. H. Schwendeman, James Thomas, A. Lamont, Clarence Grant, Carl Gorden, Maurice Keen, P. S. Englund, W. H. Durham, E. G. Warner, Morris Buckler, Joseph Johnson and Mrs. A M. Opsahl.

SHARPER TEETH IN LIQUOR LAWS

Destruction of Jug, Etc., During Search, Held Prima Facie Evidence It Contained Liquor

NEW LAWS AID OFFICERS

Affects Prosecution of Cases Pending and Others Which May Arise

Sharper teeth were put in the state liquor laws by the 1923 session of the Minnesota legislature. One amendment to these laws is of special interest at this time, and affects the prosecution of cases which may be pending or which will come up in the future.

The amendment is as follows:

"The destruction, removal or concealment, or attempted destruction, removal or concealment of any vessel, jug, container or receptacle of any kind apparently containing intoxicating liquor in any such place or premises while a search thereof is being made under the provisions of this act, shall be prima facie evidence that such vessel, jug, container or receptacle contained and contains intoxicating liquor.

"And the removal, concealment, destruction, pouring out, or changing the character of any liquor in any such place or premises or the attempt to do so while a search thereof is being made under the provisions of this act, shall be prima facie that such liquid was and is intoxicating."

"The destruction, mutilation, removal or concealment of any still, apparatus, implement, machine, device, contrivance, utensil or thing or any tablet, compound or substance or material or matter of any kind, or any formula, recipe or direction apparently designed or intended for use or used for or in or in connection with any violation of any provision or part of the constitution or law of this state or of the United States relating to intoxicating liquor, in or upon any such place or premises while a search thereof is being made under the provisions of this act, shall be prima facie evidence that the same was kept, had and possessed therein in violation of the provisions of this act and designed and intended for use and used in and in connection with such violation."

This amendment assists very materially in the prosecution of liquor cases arising from evidence secured upon search warrants.

Heretofore it was necessary, in order to secure conviction in such cases, for the searching officers to obtain enough of the liquor in question to make an analysis to determine whether or not it contained more than the "One-half of one per cent" allowed by law as the alcoholic content, or have proof of the intoxicating effect the liquor had upon some person.

If the liquor could be empited before the searching officers could stop such an act, it was very hard to prove the state's case, and in many instances, cases of this nature have been thrown out.

With the 1923 amendment, the state is aided in the prosecution of these cases, by making it prima facie evidence that intoxicating liquor was held illegally if the owner attempted to destroy or conceal the evidence while the searching party is at work.

TOURIST SEASON ADDS TO TRAFFIC

W. H. Gemmell, President of the M. & I. Railway, Gives Out Interview

ADD CAFE OBSERVATION CAR

Effective Sunday, May 20, Change of Time of No. 59 Superior Division Announced

With the approach of the summer tourist season, arrangements are being made by the railroads to take care of the increased business for the next four months.

W. H. Gemmell, president of the M. & I. Railway, gives out the following data relative to the summer service on the day trains of this road and on the Northern Pacific from Brainerd to St. Paul:

"Effective with train No. 9 leaving St. Paul Monday May 28th, cafe observation car will run through to Bemidji, and effective with train 32 leaving Bemidji Tuesday morning, May 29th, this same car will run through to St. Paul. This arrangement will be in effect until further notice and will run daily except Sunday."

The cafe observation car has been a part of the train service between St. Paul and Bemidji for several summers, and is very much appreciated by travelers over this route.

Going north this car arrives in Brainerd from St. Paul at 2:20 in the afternon and goes on to Bemidji at 2:40. Returning, it arrives from Bemidji on train No. 32 at 11:05 in the morning, and goes on to St. Paul at one o'clock in the afternoon.

A change in time for one train on the Lake Superior division, has also been announced. Train No. 59 from Duluth to Staples, will leave Duluth thirty minutes later than its present schedule, it is announced, effective Sunday, May 20th.

No. 59 is the fast train going west, and passes through Brainerd now at 12:15 p. m. If the time all along the division is made thirty minutes later, as it is out of Duluth, this train will arrive in Brainerd at 12:45 p. m. This change is made necessary it is stated, because of a change in coast train No. 3 on the mainline, with which No. 59 makes connections.

SPORTS

SCOTT'S 1,000 GAME RECORD A MARVEL

By HENRY L. FARRELL
United Press Sports Editor

New York, May 16.—When most every athletic record of importance set up in the past has been made to look easy by the advancement and improvement in modern sports, it is not safe to assume that the marks of the present day will be any less breakproof in front of the assault of the next generation of stars.

If there is one modern achievement of sport that has a chance to remain on the books for a long time it is the record of Everett Scott, the champion marathon man of baseball, who has passed the 1,000 mark for participation in consecutive games.

Scotty's mark is bound to remain for five more years because no other player now in the major leagues has enough behind him to equal the record without playing in every game for the next five seasons.

Numerous theories have been advanced in figuring the secret of the Deacon's phenomenal exhibition of endurance and dependability and the pet theory is that he has been the little side-kick of a lot of luck.

Scotty admits that he has been helped by luck in reaching a mark more than twice as good as that accomplished by any other player and some of the experiences he has been through bear out that the fates kept a watchful hand and eye over him.

It is well known how he was spiked, knocked out with balls, dropped by bats and held up by trainwrecks, but the tightest pinch from which he escaped came when he was laid up with a boil on his eye and was unable to go to the park. His record looked shot until a rainstorm came along before the game and caused a postponement.

That was pure luck, of course.

With all the luck in the world, Scotty could not have made his record, however, if he didn't have the heart and habits of a conscientious worker and the spirit of subservience to the interests of the team.

Scotty is just a natural plugger and he is there all the time. He says he never missed a day at school and he apparently developed at a tender age the habit of "being there."

Even before he had thought of the possibility of making a record, he was following his policy of "being there" and his great record is the result.

LEGION SHUNS SHELBY BOUT

Indianapolis, May 16—The national organization of the American Legion today washed its hands of any participation in the receipts of the Dempsey-Gibbons bout to be held at Shelby, Montana, July 4. O. W. Owsley national commander of the Legion in a statement made today for the press declared that the Legion would not be influenced by any promises that a hospital for disabled men would be built with part of the receipts.

SEAT RESERVATIONS ARE POURING IN

Shelby, Mont., May 16—Reservations for seats for the Dempsey-Gibbons bout on July 4 continued to pour in today, and Mike Collins, one of the promoters, estimated that $340,000 had already been received.

Gibbons is expected to arrive here Saturday. Dempsey appeared at Great Falls last night. Plans for his training camp are almost completed.

PITCHER FANS 24 BUT LOSES GAME 9 TO 2

Worcester, Mass., May 16.—Baseball mathematicians had something to puzzle over when Moses Dupruis, pitcher for the Gates Lane school team, struck out 24 men in seven innings in the game with the Chandler street school team in the grammar school league. Despite his strikeout record, Dupruis team lost 9 to 2.

Seven of the men fanned by Dupruis reached first base when Catcher Johnson of the Gates Lane team dropped the ball, six of them scored. The only runs made by the Gates Lane team were scored by Pitcher Dupruis, who hit two home runs.

'U' ALUMNI OVER U. S. PUSH STADIUM DRIVE

Minneapolis, May 16—University of Minnesota alumni groups, in cities throughout the United States, have been organized for a series of one week campaigns to put over the $1,000,000 stadium-auditorium drive among the alumni, and campaigners now are in the home srtetch, Lyman Pierce, director, said yesterday. A total of $634,000 has been pledged in Minneapolis, St. Paul and Duluth, $20,000 having been added since May 9, when the Minneapolis drive ended. Mr. Pierce praised the 156 volunteer members of the campaign committee for their untiring efforts.

ONE PUNCH IN JAW FLOORED MIKE ERTLE

Jamestown, N. D., May 16—Mike Ertle, once a leading bantamweight, stood just one punch in the jaw from Pete Petroli, Dilworth, Minn., here last night, and went down for the count. The first round of a scheduled 10-round bout was just 40 seconds gone when Ertle lay on the canvas.

Jack Johnson Awarded Decision in Lodge Go

Havana, May 15.—The National boxing commission has awarded Jack Johnson the decision in his fight with Farmer Lodge here May 6. The fight ended in the fourth round when Lodge said he had been fouled. Doctors found that although Lodge had been struck in the groin, prior punishment in the ribs resulted in his inability to continue the fight.

Lodge has returned to his home in Minneapolis. Johnson's next fight here is slated to be against Jack Thompson, Negro heavyweight.

Cass Lake Opener

Cass Lake, May 16.—Cass Lake opened the baseball season here with a 3 to 2 victory over Walker. Cass Lake has an especially strong team this year and wants games with teams on tour and with the best teams in northern Minnesota. Walter Minton is manager.

WILLARD-FIRPO TO BATTLE ON JUNE 30

New York, May 16.—Jess Willard and Luis Angel Firpo are going to meet for 15 rounds, or considerably less, on June 30. The chances are that the ancient Kansas farmer and the hard thumping Argentenian will do their stuff at Boyle's Thirty Acres in Jersey City, where Dempsey attended to Carpentier two years ago.

The Yankee ball club will be home on that date and there isn't a chance in the world for staging the row at the local American league ball orchard, so Rickard will probably transfer it to his big fight factory in Jersey, unless he makes a change in the date.

On the same card with Jess and Luis will be Floyd Johnson and Jack McAuliffe. The whole thing was to be arranged at a conference in Madison Square Garden today, when Willard, Firpo and Rickard were to talk it over. Firpo is aching to get a poke at Willard and so far as Luis is concerned there won't be any delay about signing on the line. Willard, however, will probably want to name his own terms.

SISLER MAY RETURN OVER NIGHT, REPORT

St. Louis, May 15.—George Sisler, baseball's most valuable player, may be able to return "overnight" to first base with the St. Louis Browns, and he may be out for weeks, Bobby Quinn, vicepresident of the club said today.

"Stories that we are hiding the facts about Sisler are ridiculous," Quinn said. "His eyesight is impaired, and all the satisfaction we can get from the doctors is that he may recover overnight or may be out for weeks. He is at the ball park every day but he has not worked out yet as he is not in condition to do so."

SCOTT'S 1,000 GAME RECORD A MARVEL

By HENRY L. FARRELL
United Press Sports Editor

New York, May 16.—When most every athletic record of importance set up in the past has been made to look easy by the advancement and improvement in modern sports, it is not safe to assume that the marks of the present day will be any less breakproof in front of the assault of the next generation of stars.

If there is one modern achievement of sport that has a chance to remain on the books for a long time it is the record of Everett Scott, the champion marathon man of baseball, who has passed the 1,000 mark for participation in consecutive games.

Scotty's mark is bound to remain for five more years because no other player now in the major leagues has enough behind him to equal the record without playing in every game for the next five seasons.

Numerous theories have been advanced in figuring the secret of the Deacon's phenomenal exhibition of endurance and dependability and the pet theory is that he has been the little side-kick of a lot of luck.

Scotty admits that he has been helped by luck in reaching a mark more than twice as good as that accomplished by any other player and some of the experiences he has been through bear out that the fates kept a watchful hand and eye over him.

It is well known how he was spiked, knocked out with balls, dropped by bats and held up by trainwrecks, but the tightest pinch from which he escaped came when he was laid up with a boil on his eye and was unable to go to the park. His record looked shot until a rainstorm came along before the game and caused a postponement.

That was pure luck, of course.

With all the luck in the world, Scotty could not have made his record, however, if he didn't have the heart and habits of a conscientious worker and the spirit of subservience to the interests of the team.

Scotty is just a natural plugger and he is there all the time. He says he never missed a day at school and he apparently developed at a tender age the habit of "being there."

Even before he had thought of the possibility of making a record, he was following his policy of "being there" and his great record is the result.

LEGION SHUNS SHELBY BOUT

Indianapolis, May 16—The national organization of the American Legion today washed its hands of any participation in the receipts of the Dempsey-Gibbons bout to be held at Shelby, Montana, July 4. O. W. Owsley national commander of the Legion in a statement made today for the press declared that the Legion would not be influenced by any promises that a hospital for disabled men would be built with part of the receipts.

SEAT RESERVATIONS ARE POURING IN

Shelby, Mont., May 16—Reservations for seats for the Dempsey-Gibbons bout on July 4 continued to pour in today, and Mike Collins, one of the promoters, estimated that $340,000 had already been received.

Gibbons is expected to arrive here Saturday. Dempsey appeared at Great Falls last night. Plans for his training camp are almost completed.

PITCHER FANS 24 BUT LOSES GAME 9 TO 2

Worcester, Mass., May 16.—Baseball mathematicians had something to puzzle over when Moses Dupruis, pitcher for the Gates Lane school team, struck out 24 men in seven innings in the game with the Chandler street school team in the grammar school league. Despite his strikeout record, Dupruis team lost 9 to 2.

Seven of the men fanned by Dupruis reached first base when Catcher Johnson of the Gates Lane team dropped the ball, six of them scored. The only runs made by the Gates Lane team were scored by Pitcher Dupruis, who hit two home runs.

'U' ALUMNI OVER U. S. PUSH STADIUM DRIVE

Minneapolis, May 16—University of Minnesota alumni groups, in cities throughout the United States, have been organized for a series of one week campaigns to put over the $1,000,000 stadium-auditorium drive among the alumni, and campaigners now are in the home srtetch, Lyman Pierce, director, said yesterday. A total of $634,000 has been pledged in Minneapolis, St. Paul and Duluth, $20,000 having been added since May 9, when the Minneapolis drive ended. Mr. Pierce praised the 156 volunteer members of the campaign committee for their untiring efforts.

ONE PUNCH IN JAW FLOORED MIKE ERTLE

Jamestown, N. D., May 16—Mike Ertle, once a leading bantamweight, stood just one punch in the jaw from Pete Petroli, Dilworth, Minn., here last night, and went down for the count. The first round of a scheduled 10-round bout was just 40 seconds gone when Ertle lay on the canvas.

Jack Johnson Awarded Decision in Lodge Go

Havana, May 15.—The National boxing commission has awarded Jack Johnson the decision in his fight with Farmer Lodge here May 6. The fight ended in the fourth round when Lodge said he had been fouled. Doctors found that although Lodge had been struck in the groin, prior punishment in the ribs resulted in his inability to continue the fight.

Lodge has returned to his home in Minneapolis. Johnson's next fight here is slated to be against Jack Thompson, Negro heavyweight.

Cass Lake Opener

Cass Lake, May 16.—Cass Lake opened the baseball season here with a 3 to 2 victory over Walker. Cass Lake has an especially strong team this year and wants games with teams on tour and with the best teams in northern Minnesota. Walter Minton is manager.

WILLARD-FIRPO TO BATTLE ON JUNE 30

New York, May 16.—Jess Willard and Luis Angel Firpo are going to meet for 15 rounds, or considerably less, on June 30. The chances are that the ancient Kansas farmer and the hard thumping Argentenian will do their stuff at Boyle's Thirty Acres in Jersey City, where Dempsey attended to Carpentier two years ago.

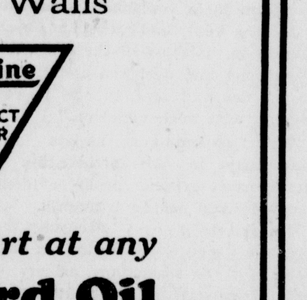

The Yankee ball club will be home on that date and there isn't a chance in the world for staging the row at the local American league ball orchard, so Rickard will probably transfer it to his big fight factory in Jersey, unless he makes a change in the date.

On the same card with Jess and Luis will be Floyd Johnson and Jack McAuliffe. The whole thing was to be arranged at a conference in Madison Square Garden today, when Willard, Firpo and Rickard were to talk it over. Firpo is aching to get a poke at Willard and so far as Luis is concerned there won't be any delay about signing on the line. Willard, however, will probably want to name his own terms.
